

About National School Choice Week

Held every January, National School Choice Week shines a positive spotlight on effective education options for every child.

The goal of National School Choice Week (NSCW) is to **raise public awareness** of all types of education options for children. It is a nonpartisan, nonpolitical effort to provide information about traditional public schools, public charter schools, magnet schools, online learning, private schools, and homeschooling.

CSF-C's online application is scheduled to open on Wednesday, February 1st, and this is the perfect time for you to become familiar with your school choices that could best suit your children and enable them to reach their highest potential!
